I chuckled and sat on the edge of the bed. "You may be right." In April 1992, about the time her husband usually got home, an intruder broke into the house and seized Mrs. Zickwolfe before she had time to get to the bulletin board. He dragged her into the bedroom and forced her to disrobe. The state troopers got there hi fifteen minutes, and Cora never spoke to her friend Phyllis again. I know it's painful to be told that something in which one has invested intense emotion is not only bad art but bad for you, not only bad for you but ridiculous. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy? the promise of escape into a wonderful Other world? is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of Bored of the Rings, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt". The last tracks cut in. Okay, you're getting everything from the decaying food in her gut to her. From Competition 13: Excerpts from myopic early sf novels. What does that include?"
