The young heart rebels against such laws, calling them unjust, arbitrary. But everywhere. If it had not been cold weather the Marsh would have reeked of rotting flesh. None of. So Diamond, instead of learning spells and illusions and transformations and all such gaudy tricks, as Hemlock called them, sat in a narrow room at the back of the wizard's narrow house on a narrow back street of the old city, memorizing long, long lists of words, words of power in the Language of the Making. Plants and parts of plants and animals and parts of animals and islands and parts of islands, parts of ships, parts of the human body. The words never made sense, never made sentences, only lists. Long, long lists..times better than he ever did..Dragonfly spoke in a ragged, raging whisper: 'How could you name me that!'. They were not far inside the Grove, and still beside the stream, when Irian stopped, turned aside, and crouched down by the enormous, hunching roots of a willow that leaned out over the water. The roof stands high above the floor, on high pillars. The floor is red. All the pillars are red. On them are shining runes.". Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney. IT WAS RAINING AGAIN, and the wizard of Re Albi was sorely tempted to make a weather spell, just a little, small spell, to send the rain on round the mountain. His bones ached. They ached for the sun to come out and shine through his flesh and dry them out. Of course he could say a pain spell, but all that would do was hide the ache for a while. There was no cure for what ailed him. Old bones need the sun. The wizard stood still in the doorway of his house, between the dark room and the rain-streaked open air, preventing himself from making a spell, and angry at himself for preventing himself and for having to be prevented.. "Said he thought he'd better keep the doors," said the Herbal. He closed is many-pocketed pouch carefully and looked around at the others. "But I don't know if he can keep a lid on the ant-hill.". It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead.
